

Our well-connected brokers work closely with their equivalents globally to ensure you've seen every yacht in your market before you make your decision.

They'll assist with:

- Contracts
- Market research
- Code compliance advice
- Future warranty work advice
- Crew considerations
- Cruising ground considerations

Brokerage
A purchase of passion,
a process of logic.

The right yacht for you.

Our brokers know good yachts. Lars Bjorklund, head of the team, is considered the most experienced yacht broker in this part of the world, and will find you the yacht which matches your lifestyle, at the price which meets your budget, and with the build attributes and in the style which suits your cruising needs.

Honest, upfront and with your best interests at the core of our suggestions, Diverse Projects brokerage does things differently.

If you're ready to take your next step in superyacht ownership, our team would welcome the chance to find you your yacht.
